Municipal Info

MARCH 2026 #1

TOWN HALL CLOSURE

We would like to inform you that the Town Hall will
be closed on the following days for the Easter
holiday:

- Friday, April 3
- Monday, April 6

We will also be closed: Wednesday, May 13th in the morning (for a meeting)

Happy Easter to all!

SEPTIC SYSTEM AND WELL INVENTORY

Some time ago, we sent you a letter requesting information about your septic systems and wells. Some residents have already replied, but responses from others are still outstanding.

We invite you to send us this information by April 30, 2026. Otherwise, the inspector will have to conduct an in-person visit. It is essential that the municipality has a complete inventory of all septic systems and wells within its territory. Without this inventory, we risk losing the TECQ grant, which is used for paving municipal roads.

If you no longer have the letter to return, you can download it from our website under the tab: municipality → citizens → press releases → 01 information collection - inventory - bilingual. You can also contact us so that we can provide you with a new one or come to the town hall where we can help you complete the information.

RECYCLING AND GARBAGE

Starting April 21, garbage collection will take place every Tuesday until November 10. Recycling collection will continue to be every other Monday.

Please also note that no special days will be scheduled for the collection of large items. If you wish to dispose of bulky items, such as furniture, you can place them out for collection during the weekly garbage collection. **Tires are not accepted.**

For appliances or scrap metal, please contact **Mr. Alexandre Patenaude at 579-491-3245**, who will be happy to collect your metal.

SAINTE-BARBE ECOCENTRE

Access is reserved for residents of Sainte-Barbe, Elgin, and Godmanchester, who have **unlimited access**. Proof of address is required for each visit to ensure the service remains reserved for residents of participating municipalities.

The ecocentre accepts a wide range of waste materials: construction, renovation, and demolition (CRD) materials, refrigerants, tires without rims, household hazardous waste (HHW), electronic products, bulky items, ferrous and non-ferrous metals, returnable containers, treated wood and plywood, paint, light bulbs, and batteries.

The ecocentre will adopt its summer schedule starting April 1st. The next day of operation will be Wednesday April 1st, from 8:00 a.m. to 12:00 p.m. The ecocentre will then be open every Wednesday from 8 a.m. to 12 p.m. and every Saturday from 8 a.m. to 4 p.m. until the end of October.

The detailed schedule and the complete list of accepted and refused materials are available online: <https://www.ste-barbe.com/ecocentre-2/>

WASTE GENERATED BY ELGIN RESIDENTS

For your information, the Municipality of Elgin has a population of 393 (according to the Quebec government decree of 2026).

Here are the tonnages of waste generated over the past five years:

Year	Garbage (tm)	Recycling (tm)
2021	155,67	43,83
2022	147,18	38,58
2023	133,08	42,17
2024	124,47	37,95
2025	121,18	39,79

Well done everyone! Your commitment is paying off. We are making remarkable progress in reducing waste. Let's keep up this great momentum and maintain our collective energy.
