To make travel easier for residents, motorists, business owners, and tourists, The St. Lawrence Seaway Management Corporation (SLSMC) is proud to introduce Passage+, the official mobile app dedicated to the status of Seaway bridges.

Available for free on Apple and Android devices, **Passage+** provides real-time bridge status, scheduled lift times, and vessel movements to help users plan their trips and make informed decisions while on the road.

The existing bridge status page will remain available on our website; Passage+ simply offers another way to access official bridge status information while on the go.

The app is now available for free on the Apple App Store and Google Play.
